8 The grant selection process

8.1 Assessment of grant applications

We will review your application against the eligibility and assessment criteria.

If eligible, we will then assess your application against the assessment criteria (see Section 6) and against other applications. We will consider your submission on its merits, based on:

- how well it meets the criteria
- how it compares to other applications

- whether it achieves value with relevant money², and
- risk management strategies, including but not limited to cybersecurity, respect for diversity of views, intellectual property protection and compliance controls to counter foreign interference.

When assessing the extent to which your full application represents value with relevant money, we will have further regard to:

- the overall objective/s to be achieved in providing the grant and their accordance with the Foundation's strategic [objectives](#)
- the relative value of the grant sought
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the intended outcomes and objectives.

8.2 Who will assess applications?

An internal assessment committee will assess each submission on its merits and compare it to other eligible applications. The assessment committee will be made up of Foundation staff and/ or other Commonwealth employees. You may be contacted during the assessment process to discuss your application in more detail.

8.3 Who will approve grants?

The Program Delegate is the CEO of the Foundation. The Program Delegate will decide which grants to approve considering the availability of grants funds for the purpose of the grant program. The Program Delegate may consult the Foundation Advisory Board, Foundation staff and other Commonwealth government and expert private sector assessors and consider the availability of grant funds for the purposes of the grant program.

The Program Delegate's decision is final in all matters, including:

- the shortlisting of applications
- the approval of the grant
- the grant funding amount to be awarded
- the terms and conditions of the grant.

There is no appeal mechanism for decisions.

9 Notification of application outcomes

We will advise you of the outcome of your application in writing via email to the address provided when submitting your application. If your grant application is successful, we will advise you of any specific conditions attached to the grant, including quantum of funding on offer. You can submit a new application in any future grant opportunities under the program.

9.1 Feedback on your application

If you are unsuccessful, you may ask for feedback within one month of being advised of the outcome. Feedback

² See glossary for an explanation of 'achieve value with relevant money'
 NFA CR 2023-24 Competitive Grant Guidelines

requests after this time will not be considered.

10 Successful grant applications

10.1 The grant agreement

If your application for a grant is successful, we will require you enter into a legally binding grant agreement with the Commonwealth. We use a grant agreement based on a Department of Finance template that has been specifically tailored to meet Foundation requirements.

Each agreement has general terms and conditions that cannot be changed. We must execute a grant agreement with you before we can make any payments and we will make payments as soon as practical after signature. We are not responsible for any of your expenditure until a grant agreement is executed. If you start your grant activities before you have an executed grant agreement, you do so at your own risk.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the Program Delegate. We will identify these in the agreement.

Where a grantee fails to meet the obligations of the grant agreement, the Foundation may withhold or suspend the funding to the grantee, and/or require the grantee to repay all or part of the grant. No compensation is payable by the Foundation for termination in these circumstances.

You will have approximately 5 days from the date of a written offer to execute this grant agreement with the Commonwealth ('execute' means both you and the Commonwealth have signed the agreement) and provide a correctly rendered invoice. During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period.

10.2 Specific legislation, policies and industry standards

You must comply with all relevant laws and regulations in relation to your grant activity.

In the Standard Grant Agreement, grantees must acknowledge that persons who undertake, or who have an arrangement to undertake certain activities on behalf of a foreign principal for the purpose of political or governmental influence are required to register under the *Foreign Influence Transparency Scheme Act (2018)*. It is an offence to not register if you are required to do so, and penalties apply. Further information about the scheme is accessible at: www.ag.gov.au/transparency.

Grantees should also take into account the Guidelines to Counter Foreign Interference in the Australian University Sector (see <https://www.dese.gov.au/guidelines-counter-foreign-interference-australian-university-sector/resources/guidelines-counter-foreign-interference-australian-university-sector>).

Where grant activities may involve research collaboration with foreign entities, some provisions relating to Australia's export controls regime may apply to you. It is your responsibility to consider any implications of the relevant legislation and ensure you have appropriate risk management controls in place. You should refer for example to www.legislation.gov.au/Details/F2019L00424 for the Defence and Strategic Goods List 2019 and www.defence.gov.au/ExportControls/Legislation.asp for further information.

Where appropriate, applicants must provide details of intellectual property (IP) arrangements in their full

applications. This includes both the use of IP in the grant activity and the proposed ownership rights to IP generated by the grant activity as well as strategies for protecting Australia's interests. Where IP is likely to be generated by the grant activity, successful applicants are required to conclude protocols or contracts with their Chinese and other collaborating partners on the management of IP issues. Grantees should approach IP negotiations in line with the principles outlined on [business.gov.au](https://www.business.gov.au).

10.3 How we pay the grant

The grant agreement will state the:

- maximum grant amount to be paid
- any in-kind contributions you will make
- whether the payment will be upfront or in instalments
- any financial contribution provided by a third party.

We will not exceed the maximum grant amount unless the delegate approves a deed of amendment to your grant. If you incur extra costs under the agreement, you will need to meet them yourself.

We may pay up to 100 per cent of the grant on execution of the grant agreement, subject to timelines outlined in the grant agreement. You will be required to provide milestone-reporting including on how you spent the grant funds. In cases where we pay in instalments, subsequent payments are subject to satisfactory progress on agreed milestones.

10.4 Grants payments and GST

Payments will reflect your [Goods and Services Tax \(GST\)](#) registration status. It is your responsibility to advise us of your tax status. If applicable, we will add GST to your grant payment.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#).⁴ We do not provide advice on your particular taxation circumstances.

11 Announcement of grants

If successful, your grant will be listed on the GrantConnect website 21 calendar days after the date of effect as required by Section 5.3 of the [CGRGs](#).

12 How we monitor your grant activity

12.1 Keeping us informed

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due.

You must inform us of any changes to your:

- name (including any change to legal entity status of the grantee or ABN)
- addresses or nominated contact details

- bank account details
- new partnerships or sponsorship arrangements
- organisation's governance arrangements/composition.

If you become aware of a breach of terms and conditions under the grant agreement, you must contact us immediately.

You must notify us of events relating to your grant and provide an opportunity for portfolio Ministers or their representative to attend.

12.2 Reporting

You must submit reports in line with the grant agreement. We will expect you to report on:

- progress against agreed grant activity milestones and outcomes
- contributions of participants directly related to the grant activity
- expenditure, evaluation and interim/final acquittal of the grant.

The amount of detail you provide in your reports should be relative to the size, complexity and grant amount.

We will monitor progress by assessing reports you submitted and may conduct site visits or request records to confirm details of your reports if necessary. We expect you will be in contact with us monthly on your progress. Occasionally we may need to re-examine claims, seek further information, or request an independent audit of claims and payments.

Progress reports

Progress reports must:

- include evidence of your progress towards completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date
- be submitted by the report due date (you can submit reports ahead of time if relevant).

You must discuss any reporting delays with us as soon as you become aware of them. Any extension to your grant agreement must be approved by the Program Delegate, the CEO of the Foundation.

Ad-hoc reports

We may ask you for ad-hoc reports on your grant. This may be to provide an update on progress, or any significant delays or difficulties in completing the grant activity.

Final report

Final reports must:

- identify if and how outcomes have been achieved
- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred
- be submitted in the format provided in the grant agreement.

12.3 Financial declaration

We may ask you to provide a statutory declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money.

12.4 Grant agreement variations

We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your grant agreement by emailing grants@australiachinafoundation.org.au or the relevant Grant Manager before the end date of your grant agreement. A variation will be in the form of a Deed of Amendment.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

12.5 Compliance visits

We may visit you during or at the completion of your grant activity to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

12.6 Record keeping

We may also inspect the records you are required to keep under the grant agreement.

12.7 Evaluation

We will evaluate your grant and the grant program to measure how well the intended outcomes and objectives have been achieved. We may contact you up to one year after your grant and will use information from your application, reports and interviews to assist with this evaluation.

12.8 Acknowledgement

Effective branding of your grant is an important component of this grant program. The Foundation's logo must be used on all materials related to grants under the program, or as directed or agreed by the Foundation. Whenever the logo is used, the publication must also acknowledge the Commonwealth.

If you make a public statement about a grant activity funded under the program, we require you to acknowledge the grant by using the following:

'This grant activity received grant funding from the Australian Government's National Foundation for Australia-China Relations.'

13 Probity

The Australian Government will ensure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRGs.

You must ensure that you know who you are collaborating with by undertaking appropriate due diligence, proportionate to the risk and subject to available information, on all partners and personnel

participating in the project. You should be prepared to demonstrate how you will manage and mitigate any identified risks including security, ethical, legal and reputational risks. The Foundation conducts a detailed probity process on its grants. Your demonstrated ability to proactively manage risk is an important part of your application.

The Foreign Influence Transparency Scheme provides the public with visibility of the nature, level and extent of foreign influence on Australia's government and politics. It is recommended that you review obligations and responsibilities under the scheme at [Foreign Influence Transparency Scheme | Attorney-General's Department \(ag.gov.au\)](#) before establishing project partners.

These guidelines may be changed from time-to-time by the Foundation. When this happens, the revised guidelines will be published on GrantConnect.

13.1 Enquiries and feedback

Any questions you have about this grant opportunity or grant decisions should be sent to grants@australiachinafoundation.org.au. All complaints about a grant process must be provided in writing.

If you do not agree with the way the Foundation has handled your complaint, you may complain to the [Commonwealth Ombudsman](#). The Ombudsman will not usually look into a complaint unless the matter has first been raised directly with the Foundation or DFAT.

The Commonwealth Ombudsman can be contacted on:

Phone (Toll free): 1300 362 072

Email: ombudsman@ombudsman.gov.au

Website: www.ombudsman.gov.au

Any conflicts of interest could affect the performance of the grant opportunity or program. There may be a conflict of interest, or perceived conflict of interest, if Foundation staff, any member of a committee or advisor, member of the Foundation's Advisory Board, and/or you or any of your personnel:

- has a professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer or member of an external panel
- has a relationship with or interest in, an organisation, which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently, or
- has a relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives a grant under the grant program.

You will be asked to declare, as part of your application, any perceived or existing conflicts of interests or that, to the best of your knowledge, there is no conflict of interest.

If you later identify an actual, apparent, or perceived conflict of interest, you must inform the Foundation in writing immediately.

Conflicts of interest for Australian Government staff will be handled as set out in the Australian Public Service Code of Conduct (Section 13(7)) of the [Public Service Act 1999](#). Committee members and other officials including the decision maker must also declare any conflicts of interest.

Our conflict of interest policy accords with that of DFAT.

This includes letting you know:

- what personal information we collect
- why we collect your personal information
- who we give your personal information to

Your personal information can only be disclosed to someone else for the primary purpose for which it was collected unless an exemption applies.

The Australian Government may also use and disclose information about grant applicants and grant recipients under this grant opportunity in any other Australian Government business or function. This includes disclosing grant information on GrantConnect as required for reporting purposes and giving information to the Australian Taxation Office for compliance purposes.

We may share the information you give us with other Commonwealth entities for purposes including government administration, research or service delivery, according to Australian laws.

The obligation will not be breached where you are required by law, Parliament or a stock exchange to disclose the relevant information or where the relevant information is publicly available (other than through breach of a confidentiality or non-disclosure obligation).

We may at any time, require you to arrange for you, or your employees, agents or subcontractors to give a written undertaking relating to nondisclosure of our confidential information in a form we consider acceptable.

We will keep any information in connection with the grant agreement confidential to the extent that it meets all of the three conditions below:

1. you clearly identify the information as confidential and explain why we should treat it as confidential
2. the information is commercially sensitive
